GEMS QATAR W.L.L

ABOUT US

GEMS Qatar WLL started our office in Doha in the year 2010 as a Lighting partner for various industries. GEMS QATAR W.L.L exclusively represents a number of Architectural Lighting manufacturers from the USA, UK & Europe. In partnership with our principals we provide clients with a complete lighting design service and technical support.

Our experience has been gained from many prestigious projects in the Qatar and India where our products have been specified and installed. We operate both the American IES and the UK & European equivalent of lighting design software such as Relux, Dialux and AGI32. All the products supplied by GEMS are designed and manufactured to the highest international standards in quality and reliability.

Gems offers a complete end-to-end solution for all aspects of interior as well as exterior lighting. We are an expertise of creative lighting, Lighting controls and have an exceptional experience in designing. We have excellent professionals, handles all the necessary requirements and queries and trying to fulfill the requirements in appropriate span of time with suitable price.

CONTROLS - PARTNER OF PHILIPS DYNALITE

When you choose Philips Dynalite, you are selecting the world's finest lighting control system. Tried and tested in more than 30,000 projects, we have implemented some of the largest and most extensive control networks around the globe. The same robust technology can be used in any application, on any scale.

Philips Dynalite is a business that forms part of the Global Systems Group within Philips Professional Lighting Solutions. The Global Systems Group now includes several worldwide leaders in LED lighting and advanced lighting controls – including Color Kinetics, Dynalite, CityTouch, Large Luminous Surfaces and Teletrol.

PHILIPS DYNALITE – THE INTELLIGENT CHOICE

- Philips Dynalite creates sophisticated, reliable, and energy-efficient lighting control solutions for residential, offices, retail, hospitality, industry, stadiums, public spaces, and more.
- Philips Dynalite leads the industry with over 25 years of total commitment to delivering innovative energy management, home/building automation, and architectural lighting solutions.
- Philips Dynalite invests significantly in R&D to remain world leaders in lighting management systems.
- Philips Dynalite integrates advanced functionality with aesthetic and sustainable lighting control to enhance ROI, productivity, and user comfort.
- Philips Dynalite achieves global recognition for its solutions, and is the system of choice for projects involving third-party integration – from small to large.
- Philips Dynalite ensures that your projects are delivered on time and supported through life with an extensive portfolio of hardware and software products and local and regional support services.
